STUDY ABROAD IN LEÓN, SPAIN  
SPRING QUARTER 2022

The UW Beginning to Advanced Spanish León Program is an authentic immersion experience that provides students unique opportunities to explore the history and cultures of Spain and take their Spanish to the next level.

León is a vibrant cosmopolitan city of about 150,000, located in the Northwestern part of Spain. It is known for its 13th century Gothic Cathedral and monumental buildings, its unique food culture, as well as for its fiestas. León is an important point along the "Camino de Santiago", and students will explore the history of the Camino and have the opportunity to experience the tradition for themselves on an authentic hike along the trail. Outside of class, students will take cooking classes, and go on excursions to nearby cities and provinces, thereby allowing them to gain a deeper understanding of the culture in which they are immersed.
