The MANO Project (My Access to a Network of Opportunities) partners with the Rivers, Trails, and Conservation Assistance Program to offer unique, **PAID** work experiences that connect, build and develop young leaders. These opportunities are **52** weeks-long with opportunities to grow and succeed. We are currently recruiting for **ONE** position.

**COMMUNITY-LED RECREATION AND CONSERVATION PROJECT FELLOW - ANCHORAGE, AK**

- Alaska RTCA support community-led recreation and conservation projects across Alaska, while also supporting some projects in Hawaii. Our current roster of active projects includes community trail master plans, planning and preliminary design for individual trails, the redevelopment of park sites, working closely with Alaska Native entities to help them tell their stories in a state game refuge, bike corridor planning, and assisting a Native Hawaiian Organization with the restoration of an 800yo fishpond. This position will provide support and participate in many of these projects and will also have the opportunity to take on a leadership role in one or more projects as the project manager.

**STIPENDS + BENEFITS**

- Weekly stipend of $600 based on a 40-hour work week
- Monthly housing stipend up to $700
- Health insurance coverage
- Travel stipend of up to $400 to defray cost of roundtrip travel to and from internship location
- Funds available to support professional development opportunities that align with role and goals
- Public Land Corps Eligibility (PLC) – after completing 960 hours, PLC status provides special non-competitive hiring status when applying for certain federal positions.

**DEADLINE**

**FRIDAY, AUGUST 18, 2023 - APPLICATIONS DUE**
